Waterbury, Conn. Feb 28 1866.

Prof. A. Booth
W. S. Mead. Phil^a

Dear Sir

Your favor 22^d was rec^d.
in my absence. I am happy to know
the result of the Mead trial & that
it proves yours. We have another
case in Phil^a which we sent there
supposing it was sold but there was
a misunderstanding about it we shall
take it away. I would be pleased to
have you take that also & test it &
if it proves same as the other it will
be quite satisfactory to me & I will at
least guarantee you against any loss
in the experiment. Should you want
any of this article hereafter we can
furnish it on very favorable terms.

Yours truly,
Chas. Benedict
